Visa Foreign Transaction Fees: Purchases and cash advances made in foreign countries and foreign currencies will be billed to you in U.S. dollars.

A 1% International Transaction Fee will be assessed on all transactions where the merchant country differs from the country of the card issuer. The converted transaction amount will be shown separately from the International Transaction Fee on your account statement. This fee will be assessed on all international purchases, credit vouchers, and cash disbursements.

Visa charges 0.8% for international transactions that do not involve currency conversions.

The exchange rate for transactions in a foreign currency will be a rate selected by Visa from the range of rates available in wholesale currency markets for the applicable central processing date. This rate may vary from the rate Visa itself receives, or the government mandated rate in effect for the applicable central processing date plus the 1% International Transaction Fee.

Visa assessed surcharge/access fee for ATM or manual cash disbursement transactions initiated outside of the U.S. region: Visa assesses a cash disbursement fee of 0.15% + US \$0.50 on international ATM transactions where a surcharge fee has been assessed. The 0.15% applies to the amount of cash disbursed and not the surcharge/access fee. In other words, if \$200 is disbursed and a \$3.00 surcharge fee is applied, the 0.15% will be based on the \$200.

Visa Cash Disbursement Transactions outside the U.S. region without an Access/Surcharge Fee Assessed: If a surcharge fee is not assessed on a qualified Visa and Plus ATM international and regional cash disbursement transaction, the ATM cash disbursement fee will be assessed based on the location of the acquirer as follows: Asian Pacific, 0.52% + US \$0.65; Canada, US \$1.25; Central/Eastern Europe, Middle East, and Africa, 0.42% + US \$0.55; Europe, US \$1.50; Latin America and the Caribbean, 0.52% + US \$0.65.

Truth-in-Savings Account Disclosure

Except as specifically described, the following disclosures apply to all of the above accounts:

1. Rate Information. The Dividend Rate and Annual Percentage Yield on your accounts as of the last Dividend Declaration Date are set forth above. The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the Dividend Rate and frequency of compounding for a 365-day period. The Dividend Rate and Annual Percentage Yield may change monthly as determined by the Credit Union's Board of Directors.

2. Nature of Dividends. Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

3. Compounding and Crediting. Dividends will be compounded and credited as set forth above. The Dividend Period for each account is set forth above. The Dividend Period begins on the first calendar day of each month and ends on the last calendar day of each month.

4. Accrual of Dividends. Dividends will begin to accrue on cash and non-cash deposits (e.g. checks) on the business day you make the deposit to your account.

5. Balance Information. The minimum balance required to open each account and earn dividends is set forth above. Minimum balance requirements are calculated using the Average Daily Balance method. Dividends are also calculated using the Average Daily Balance method. The Average Daily Balance method is determined by adding the full amount of principal in the account for each day of the period and dividing that figure by the number of days in that period.

For tiered rate accounts, the dividend rate and annual percentage yield is determined based on the tier in which the Average Daily Balance for the statement period falls. This dividend rate and annual percentage yield applies to the entire balance in the account for the statement period.

6. Account Limitations. Limitations for each account are set forth above. For a Share Savings Account or Money Market Account in which transfer limitations apply, no more than six (6) preauthorized, automatic, telephone transfers or transfers made by check, draft, or debit card may be made from these accounts to another of yours or to those of a third party in any month. If you exceed these limitations, your account may be subject to a fee or may be closed.
